## OTHG History by John Justus

10 years ago February 2014

In his Prez Sez column Bill Cook welcomed new member Nick Mueller. He also wrote about the Havasu Street Scene parking which the club was responsible for and the upcoming club picnic. Dick Raczuk's tech tip was about tying down a car on a trailer. Be sure to put the transmission in park before tightening the tie downs. Eddie Ebach wrote about members Gerry Crowe, Ed Coyer and Larry Schnore who had cars under construction. Dean Willis was the subject of the member profile. The car of the month was Jim McInturff's 1940 Ford two door sedan. Don Sauberan wrote about the club being invited to show our cars at this year's Havasu Balloon Fest.

# the President's Message

January 2024 has been a very busy month for OTHG. Brad, Mitch and I participated in our first President's Council meeting for the year. The meeting was held in Mitch Geiger's garage on January 16th and was attended by the current Presidents of Lake Havasu and Bullhead Car Clubs. We discussed upcoming car shows and various events i.e., Troop Box Convoy, The Gathering and Havasu Deuces in March, to name a few. Some of the important issues effecting all Car Clubs are a lack of interest shown by the up and coming younger car enthusiasts. The President's Council members also agreed to participate in a Club Unity Run to Pirates Den in the Spring to honor Don Sauberan. Rik Jimerson is off and running with an aggressive schedule of events he has planned, such as Club Dinners and Club Member Garage Tours. Over the Hill Gang participated in the Annual Balloon Festival, showing over 20 plus of our members cars and it was a great success due to Rik's planning skills. We are looking forward to a busy February with events and shows including Roadster car show in Pomona CA on Feb 2-4, Doctor George car show in Indian Wells, CA on Feb 10th, and the Spaghetti Feast at the Lano's on Feb 20th and a Garage Tour at Harry Clausings on the 27th.

## Meet the New Members by Don Schulz

### Meet Al Fake

Hi, first we want to say how proud we are to be part of the Over the Hill Gang. Billie and I have been happily together for 45 years. I'm retired from the City of San Ramon in Northern California. Billie recently retired from the photo department at Walgreens here in Havasu. We enjoy outings in our roadster and on our Harley. We've been living here for close to 20 years and love Havasu. We have owned numerous hot rods, VW's, trucks and Harleys over the years. After downsizing we have one hot rod and one Harley left. Our hot rod is a 1932 Ford roadster, 496 cu.in. big block Chevy with a 5 speed, 9-inch rear. The car was built by Bobby Alloway and was a Street Rodder top 100 car. We are looking forward to getting to know all of you.

## OTHG Annual Picnic 2024

Our OTHG Annual Picnic will be on Saturday April 13th, 2024 at Rotary Park from 9am -2pm. We have reserved site 3 on the south end of the park (by the skateboard park) You can park next to the restrooms, between the skateboard park and the picnic tables. If you would like to, you can bring an easy up/awning and chairs or have a seat at the patio tables.

The price is \$20.00 per person and the tickets will be sold at the February, March and April club meetings.

Coffee and donuts will be served at 9am. Lunch will be served at 12pm.

Menu includes sandwiches with chips and cookies from Jimmy Johns

Drinks will also be provided

It would be great if some members would like to volunteer and bring some picnic side dishes.

Linda Jelkin will provide baked beans.

Hope to see EVERYONE there...

## "Shop Tip" by Dick Raczuk

### How Do I Know If My Charger Is Lithium Battery Friendly?

Just because someone on the internet said they charged their battery with "any old charger" doesn't mean you should. They shouldn't have either. Any lithium-capable charger should **clearly state the specific function** to safely charge a lithium battery. If there is any question, Optima recommends contacting the manufacturer of the charger to find out for sure. If you're still not sure whether your charger is designed to charge these new types of batteries, purchasing a new charger that is capable would be the safest bet. Besides, if that's the case, perhaps your charger needed updating anyway.
