OTHG History by John Justus

10 years ago March 2016
President Steve Root thanked the club for its support at the Crossroads Car Show. Steve Lomax was the subject of the member profile. Dick Raczuk's shop tip was about protecting the hard to find taillight lens when changing the blub. A blanket held in place with magnets will protect the lens.

The Car of the Month was George Sepulveda's 1969 Chevrolet Camaro. The Havasu Deuces Car Show at Rotary Park was covered. There was an all clubs breakfast cruise to Havasu Springs and club cruises to Bobbie D's in Parker and Burgers by the Bridge in Havasu.

the President's Message

Very busy times for most of us. Multiple meetings for different events and the time spent preparing for volunteer work efforts and the work that follows. Our Club and the Community is very fortunate to have so many people join us in our preparation, and soon, presentation of our Inaugural Havasu Hot Rodz car show. Such a great effort by Over the Hill Gang Members and their Spouses is creating an environment allowing for greater working relationships for so many of us. We have so much support from our fellow Car Enthusiasts. The Pharaohs, Relics and Rods, The Outcast's, Havasu Classics all the folks with Dick Stiller and so many that do not have Club affiliation have stepped forward to assist in this event. We are so fortunate, and so appreciative of everyone stepping up to help deliver an outstanding event. It kicks off in one week from the evening this is being prepared. I look forward to sharing the results of our efforts in my next message. Thank you to all, safe travels.

TOILET SEAT AWARD "Bill Stage"
I was driving home from the Gathering at Sara Park Racetrack, when my left rear axle came out of my 1959 Chevy El Camino while traveling down Hwy 95 at approximately 55 miles per hour, fortunately I was able to pull off the Hwy to the center without getting into an accident. I called AAA to get the car towed home so I could fix the problem by replacing the axle barring's.

"Shop Tip" by Dick Raczuk

If you are lucky enough to own a hydraulic lift in your shop, please note the piece of wood lying on the floor in line with the lift. If for some reason the lift failed or someone was standing to close when you were retracting it, the wood just may help save a foot. Doesn't cost anything either
