OTHG Webmaster	Donna Ingram

OTHG History by John Justus

10 years ago April 2016
President Steve Root wrote about the upcoming club picnic. He also mentioned that the club would lose 10 members in 2016 but had 3 prospective new members in the pipeline. Dick Raczuk's tech tip was about braided hoses (<https://youtu.be/aJTwb7hfEug>). The car of the month was Nick Mueller's 1933 Ford Roadster. There were articles on the beginning of the original Over the Hill Gang club, a club run to Burgers by The Bridge and an all clubs breakfast cruise to Havasu Springs. The Havasu Classics show at Windsor Beach was also covered.

the President's Message

A few weeks ago, The Over the Hill Gang successfully presented a Car Show here in Havasu. Such a large undertaking was a challenge, and so many members stepped up, contributing hours of effort. With Brad Lano leading the effort to establish its own 501c 3, Havasu Hot Rodz came into being. So many did so much, I would need to name most of our members, and create a short Novel if I were to give details of all that was contributed to bring us to a successful conclusion. I do want to recognize the effort by so many of our wives in putting together so much of the work to keep the show on track. I want to thank my wife Jo, who spent so many hours, day after day, with everything needed for establishing and maintaining all the pieces from banking to registration. Also, she had to put up with me. I am missing my daily calls from Chip Brooks asking what we were doing next and assuring me he was ready to do whatever. Hard to believe how committed he is and how much effort he put into all that took place. We move on and now have a very busy few months ahead of us. I want to encourage everyone to participate as often as possible, not for the numbers, but for the opportunity. The opportunity to meet new friends, deepen relationships that exist and experience all that awaits us every day. Please pay careful attention to Ron's list of opportunities and grab a few, heck grab them all.

Look forward to sharing our journeys!

Rik Jimerson

"Shop Tip" by Dick Raczuk

How to Prevent Premature Aging from Showering

Fortunately, there are some things you can do to prevent your showers from speeding up the aging process of your skin. The big key is to keep your skin moisturized. Protecting your skin's moisture can also keep it from feeling itchy or irritated after a shower — two other effects of very dry skin.

Here are a few tips to care for your skin, both in and out of the shower.

1. Shower in Lukewarm Water

Don't crank the heat all the way up for your daily suds' session, but you also don't need to freeze — no cold plunges here. Use warm water instead of scalding hot water for your shower.

2. Keep it Short

Long showers, even at cooler temperatures, can still dry out your skin. Keep your shower to between five and 10 minutes, tops.
